Unique travel experiences...

Unique travel experiences...

Clouds part, revealing an ancient mountain temple. A setting sun bathes red desert rocks in a golden glow. A balloon sails over an African savanna, far above migrating herds. The call of a loon perfects the tranquility of a still lake in Ontario's northland...

There are places in this world that capture our hearts and rejuvenate our spirits. They offer calming serenity, soulful beauty, and deep-rooted connections to the natural world or ancient cultures that surround them.

They are Divine Destinations.

The Divine Destination Collection offers a carefully curated selection of life-changing travel adventures. You select the dream and the destination; we will surpass your expectations for luxury and comfort, while immersing you in the singular magic of a special corner of our world.

Each Divine Destination experience includes...

Luxury...

Unwind in an elegant room with fine linens. Dine under the stars or beside the crashing surf. Ask for some personal pampering—it's what we're here for.

Adventure...

Push your boundaries. Rediscover your wild side. Create memories that last a lifetime.

spirituality...

Re-connect to yourself and the world
through the power and beauty of your
surroundings.

Our message to you ...

"We believe that travel transforms the traveler and our desire is to help bring people back to their authentic selves. We do this through life changing moments of self discovery, luxurious travel and local community sharing and interaction." say Deb and Allison of the Divine Destination Collection.

"Our trips are meticulously designed to include the spiritual nature of both the land and the local community. While indulging in luxuries, our adventures nurture souls and introduce you to new and old lands, to traditions and cultures, all in ways that reinforce what each of us inherently know; that we are all one and the same."

Through the connection of like-minded fellow travelers, journeys are organized to reveal the wonders of each destination and the experience of comfort and luxury. You will come away feeling more deeply rooted and aware with a new respect for the human experience!

Our promise ...

- To always be willing to grow and transform in a state of wonder and awe
- To open the door to redefining the path to spirituality and self discovery
- To take the first step in leading open, like-minded others on adventures while connecting to spirit
- To experience luxury, comfort, world travel and the finer things in life
- To always remember to have fun!
